If any members of [wIMMin - An intentional community of immigration attorneys](#) have received a Third Party Subpoena in a \$7.5 million federal lawsuit in Ohio filed by three of the "arreglar sin salir" attorneys, I have a draft Motion to Quash based on lack of personal jurisdiction that I am happy to share with you. Please send me a DM or email me at amy@amaldonadolaw.com.

I am turning comments off on this post - this is a notice to our community. Please remember that we do NOT bring outside drama to this group.
